

Retained Advisor

Strategic Guidance for Unstoppable Growth

As a retained advisor, my role is to provide you with continuous, high-level strategic advice and hands-on support to help you navigate complex business challenges, seize opportunities, and achieve your goals. With over 40 years of experience and a proven track record as a former CEO and COO, I bring deep insights and actionable strategies to the table.

What You Get

- **Expert Guidance:** Benefit from my extensive experience and strategic thinking to tackle your toughest business challenges.
- **Ongoing Support:** Stay on track with continuous, personalized advice and actionable insights tailored to your specific needs.
- **Flexible Availability:** Access my expertise when you need it most, with regular check-ins and on-demand consultations.

- **Strategic Planning:** Develop and refine your business strategy to drive growth and profitability. Identify and prioritize key initiatives to achieve your long-term objectives.
- **Leadership Development:** Enhance your leadership skills and those of your team. Foster a culture of empowerment, trust, and accountability within your organization.
- **Operational Excellence:** Optimize your business processes for efficiency and effectiveness. Implement systems and practices that support sustainable success.
- **Financial Performance:** Improve your financial management and profitability. Develop strategies to increase revenue and control costs.
- **Problem Solving:** Address immediate issues and root causes with targeted, actionable solutions. Navigate crises and manage change effectively.

Investment

Retainer Packages: Customized packages based on your needs, both hourly or fixed fee, ensuring you have the right level of support to achieve your goals.
